EZ EDGE

HMI

## Benefits

- Seamless integration of Manufacturing IOT edge sensors
- Hardware vendor agnostic
- Multi Communciation protocol
- AWS Cloud-based, secure data management with on-machine status display
- Management Status Dashbaord local and remotely accessible

Features

- 3 x Analog Outputs
- 3 x Digital Inputs
- 3 x Digital Inputs
- 3 x Relays 24V DC 2A
- WiFi, Bluetooth, LAN
- RS485 Modbus
- Secure token based encryption
- Multi voltage support 9-36V

IOT Portal Management

- Users
- Sites
- Assets
- Devices
- Rules
- BI
- Communication
- Reports
- Automation
- GEO maps
- Workflow
